

Departmental Notice #12

January 2, 2004

State and Federal Excise Taxes Levied on Motor Fuel

This document does not meet the definition of a “statement” required to be published in the Indiana Register under IC 4-22-2-7. The purpose of this Notice is to inform taxpayers of the total state and federal excise taxes that are included in metered pump sales of motor fuel.

Requirements to File Form ST-103MP

Persons who sell fuel through a stationary-metered pump (service stations, convenience stores, key pumps, etc.) must file Form ST-103MP. All taxpayers that do not sell through a stationary-metered pump or do not sell fuel should file Form ST-103.

Determination of the amount of excise taxes paid

Generally, a taxpayer can determine the amount of state and federal excise tax that was paid by reviewing the invoice from the distributor. Currently, the state excise tax rate is \$.18 per gallon for gasoline and \$.16 per gallon for diesel fuel. If you have been charged \$.188, the distributor has included the Oil Inspection Fee on the same line as the state excise tax. The Oil Inspection Fee CANNOT be backed out to determine the net price of the fuel.

The following charts list the current and previous tax rates to help assist in completing the ST-103MP. All rates include state and federal excise taxes.
